Dear Ms. Eger:

Best Efforts Program

This letter will outline the best efforts procedures of the National Republican Senatorial Committee (C00027466) for requesting and reporting donor occupation and employer information.

The Committee believes its procedures, which are in place for the 2013-2014 election cycle as well as in prior cycles, are in compliance with the best efforts and donor identification provisions of Commission regulations. As an initial matter, all committee solicitations request the donor's first name, middle initial, and last name; notify the donor that the Committee is required by federal law to report occupation and employer information; and request that the donor provide such information.

The Committee reports all information as it is provided by the donors. For those donors who choose not to provide the occupation and employer information, the Committee (within thirty days of receiving the contribution) sends the required follow-up letter, which asks the donor again to provide the information, and again advises the donor of the Committee's obligation under federal law to report the information. These follow-up letters do not request any additional contributions from the donor, and include a postage-paid return envelope for the donor's convenience. Finally, all such information received, including the contributor's address, is reported.

Schedule A – Donors with addresses outside of the United States

The Committee believes its procedures, which are in place for the 2013-2014 election cycle as well as in prior cycles, are in compliance with the donor identification provisions of Commission regulations. As an initial matter, all committee solicitations notify the donor that the Committee may take contributions from only from U.S. Citizens and legal, resident aliens (green-card holders).

In addition, when the Committee receives a donation from a person with a non-U.S. address, it conducts a review of all available information in order to ensure that the contribution is legally permissible, and accepts only those donations received from U.S. citizens living abroad.

Administrative Expenses

The NRSC owns the building in which it resides and reports all associated overhead/administrative related expenses on its monthly FEC reports, but there are no rent payments to disclose.
